

Tune: "Joyful Joyful We Adore Thee"

1. You set free from altercations,
Strife with people here on earth;
Made me head of many nations
Unknown people come and serve;
Since they heard, each has obeyed me
Trembling, fearful, each draws near
Losing heart, and now afraid he—
Leaves his fortress filled with fear.

2. Yahweh lives—my Rock and Savior!
Blessing, honor, are his right;
He the Victor, my Avenger,
Putting enemies to flight.
You exalted me in power,
Set me high above all those—
Who intended to devour;
Rescued me from all my foes.

3. Yahweh I will praise you ever
And will sing your praise o God;
Tell your praises, ceasing never—
To the nations far abroad
You have brought me great salvation,
Steadfast love, have shown your king;
That the coming generation
Will your praises ever sing!
